READ—

Government Order No. R. 4159-64—L. S. 12-27-7, dated 30th November—1st December 1927, directing *inter alia* the levy of a uniform flat rate of Rs. 2 for the mapping and the measuring work, etc., in connection with the introduction of the scheme of Record of Rights in the State.

2. Government Order No. R. 8165-26—L. S. 30-26-4, dated 25th April 1928, passing orders regarding the system of levying fixed fees for private phode work.

3. Government Order No. R. 4594-4604—L. S. 44-27-2, dated 4th December 1928, fixing the rates to be charged for stone and earthen boundary marks in the several Taluks of the Mysore District.

4. Representation by Messrs. Sondappa and other members of the Representative Assembly during the June Session of the Assembly of 1929, that the phode charges on gomal and kharab lands now recovered at Rs. 2 per acre are heavy, and praying that the same rate might be levied for whole survey number instead of per acre.

5. Correspondence ending with Un-official Note No. 72, dated 28th September 1929, from the Superintendent, Revenue Survey, furnishing his opinion in the matter.

6. Correspondence ending with Un-official Note No. C. 1658—29-30, dated 5th December 1929, from the Revenue Commissioner in the matter.

ORDER NO. R. 7341-51—L. R. 670-28-46, DATED 9—12TH MAY 1930.

During the Session of the Representative Assembly held in June 1929, it was represented by certain members from the Kolar District that the phode charges of Rs. 2 per acre recovered on gomal and kharab lands were too heavy, and that this rate might be charged on each whole survey number instead of per acre. The rates are at present not regulated by an order of Government, and are fixed for each district by the Deputy Commissioner with the result that there is some diversity of practice. Government consider it desirable that there should be uniformity in this regard throughout the State, and are pleased, in consultation with the Superintendent of Surveys and the Revenue Commissioner to direct that in future the levy of fees for phoding in the case of lands disposed of under Land Revenue Rule 43 be on the following scale:—

(i) In respect of all dry, wet and garden lands	...	Rs. 8 per S. No.
(ii) For coffee, tea and cardamom lands—		
(a) When the area is 30 acres or less	...	Rs. 12 per S. No.
(b) When the area is more than that 30 acres	...	Rs. 15

If parties on whose behalf the work is done come forward with labour for measuring and have the boundary marks erected themselves, they should be given a refund of the amounts of fees paid by them on the certificate of the Survey Officer in charge of the measurement.

2. Government wish in this connection to make it clear that the fees fixed in the Government Orders dated 1st December 1927 and 25th April 1928, are purely for the measuring, plotting and mapping involved and do not include the cost of boundary marks. This will have to be paid separately.

3. Separate orders will be issued in regard to the rates chargeable for the erection of missing boundary marks in the several taluks of the State other than those in the Mysore District.
